FOSROC

Fosroc Solvent 102

constructive solutions

Resin cleaning and thinning solvent

Uses

Fosroc Solvent 102 is ideal for dissolving various types of industrial resin - epoxy, polyurethane, etc. It can be used as a thinner and a cleaner for tools, containers and substrate.

Description

Fosroc Solvent 102 is a specially developed solvent blend for use with theresins commonly found in Fosroc products and other construction chemicals, and is much more effective than common solvents such as petrol, xylene, white spirit, heavy-naphtha, etc.

Properties

Appearance : Transparent, mobile liquid

Specific gravity: 0.9

Application

For cleaning tools, it is best to pour some Fosroc Solvent 102 into a container and to clean the implements within this container.

For cleaning substrates, the solvent can be poured directly, or applied by cloth or paper.

For thinning application of Fosroc products, please consult product data sheet for thinner ratio to original material or consult the local Fosroc office for information. For other products strictly follow the product thinning ratios mentioned in technical datasheet.

Precautions

Do not allow Fosroc Solvent 102 to come in contact with the skin

No smoking or naked flames.

Flash point : 33°C

Packaging

4 litre cans
